

UniFirst

The choice for industrial wholesalers
work apparel programs

Creating and maintaining a cohesive, branded uniform program for a diverse staff can be challenging, particularly in the industrial wholesalers industry where a variety of garments and styles are often required to serve the distinct needs of multiple departments. That's where UniFirst comes in.

A well-designed and managed work apparel program from UniFirst not only delivers the professional employee image you want, it can also help keep your personnel safe and comfortable on the job. Whether it's traditional industrial uniforms, or safety clothing like Flame Resistant and Enhanced Visibility workwear, or image-enhancing business essentials like polo shirts and jackets, UniFirst's managed uniform rental programs offer the right workwear options for employees in all areas of your business. And our large selection and variety of fabric choices will match your brand and performance needs. In addition, a managed UniFirst facility services program can help keep your workplace clean and safe, and create a healthier, more attractive work environment.

Cost-effective solutions for all of your workwear needs

UniFirst managed apparel rental programs combine expert hygienic laundering with specialized uniform services to help maintain garment functionality and enhance your professional business image.

With a value-based, professionally managed UniFirst rental program, weekly pickup and delivery means employees don't have to worry about the cleaning and maintenance of their uniforms. Plus, our professional mending and repair services, along with garment replacements as needed, help assure that clean, maintained uniforms are always available when you need them.

You have a lot of responsibilities, so don't let staff uniforms add to your stress. Trust UniFirst to keep your team in professional-looking uniforms that enhance your business image and allow you to focus on what you do best — delivering great products and services.

Colors: Navy (05), Royal Blue (25), Khaki (87)

10NX Waist 28-35; 36-56 even sizes only; custom hemmed up to 35"

OSHA regulations require that employers bear sole responsibility for selecting the appropriate type(s) of personal protective equipment (PPE) used by its at-risk employees. Per NFPA 70E, employers should conduct a hazard risk assessment in their facility to determine potential incident levels in the event of an electrical event. This assessment should include the required garment protection level, otherwise known as arc thermal protection value (ATPV), to match with arc-rated Flame Resistant (FR) clothing.

The items shown are popular choices that address some of the most common needs. Speak to a UniFirst representative to see our full line of FR apparel with a range of PPE/protection levels, styles, etc. to help comply with safety regulations.

Outerwear

UniWear® Permalined Jackets

Facility services

National Floor Safety Institute
All UniFirst-manufactured floor mats are certified as “high traction” by the National Floor Safety Institute (NFSI).

UniFirst’s facility service programs help you win the battle of positive perceptions with your customers, employees, and other stakeholders. We eliminate the hassle and expenses related to purchasing, stocking, laundering, and maintaining supplies with our regular personalized services.

Floor Mats

All of our UniFirst-made floor mats, from decorative carpet-tops and nitrile rubber scrapers to anti-fatigue and “wet area” mats, are designed for commercial foot traffic and trap and hold dirt, dust, and moisture better than the alternatives. With UniFirst scheduled floor mat service, all soiled mats are picked up and replaced with professionally cleaned ones on a regular schedule.

Wet and Dry Mops

UniFirst mop services are designed to make cleaning easier and more economical for businesses of all sizes and traffic volumes. We take care of all the dirty work, including laundering and regular replacements of soiled mops with fresh products.

Microfiber Mops and Wipers

Our advanced microfiber mops, dusters, and scrubbers are highly effective for cleaning hard surfaces. They can be used wet or dry and allow you to clean faster with less water and chemicals.

Towels and Cloths

UniFirst’s regular laundering and inventory management services ensure you always have fresh, high-quality cleaning cloths on hand when you need them. Disposable wipers also available.

Regular weekly service delivers what you need, when you need it, helping lower your housekeeping and facility maintenance costs.

Hand Care, Soaps, and Sanitizers

UniFirst handwashing and skin care products from GOJO® are formulated to clean, kill germs, and keep skin soft and healthy—even with frequent use—and we have environmentally friendly “green” options available too. Each product is available with our stylish dispensing systems, featuring cost-saving portion controls. Your UniFirst representative can recommend the products that will work best for you.

Paper Towels and Toilet Paper

To provide sustainable restroom cleanliness and hygiene solutions, UniFirst supplies TORK® paper towels and toilet paper, which carry Green Seal and ECOLOGO® certifications and are manufactured from base paper that is 100% recycled. Portion-controlled paper dispensing systems reduce waste and come in traditional and “touchless” options.

Air Fresheners

UniFirst offers environmentally friendly air freshener system options that neutralize odors at the molecular level, eliminating unnecessary chemical “masking” that could affect air quality. All of our odor control products meet stringent clean air standards and dispense fragrance in accordance with guidelines established by the International Fragrance Association to protect the environment and human health.

Cleaning Solution Dispensing

Save up to 90% in product costs when compared to purchasing ready-to-use cleaning solutions. Unlike mixing “free pour” concentrates, UniFirst’s wall dispenser system accurately dilutes and dispenses the performance cleaning solutions you need with the simple push of a button and with no wasted concentrates.

We offer a complete line of facility products and services, safety products, and PPE not shown. Just ask your UniFirst representative about other facility service options.

Trust UniFirst for image-enhancing workwear and facility services

More than 300,000 business customers in virtually every industry across North America partner with us for image-enhancing uniforms and workwear, ranging from traditional and industrial protective wear to corporate casual and executive attire. **And with our cost-effective, full-service rental programs, you never have to worry about laundering, maintenance, replacements, or maintaining product inventories.**

We also provide and service floorcare and restroom products including floor mats, mops, soaps, air fresheners, paper items, and more. To see all of our product and service offerings, ask your UniFirst representative for copies of our Uniform Rental and Facility Services catalogs, or visit UniFirst.com/catalogs.
